3rd European Bronchiectasis Workshop MILAN, Italy February 23rd – 25th, 2023

WELCOME TO THE 3RD EUROPEAN BRONCHIECTASIS WORKSHOP

Dear Colleagues and Friends,

It is our great pleasure to invite you to participate and, more importantly, to actively contribute to the **3rd European Bronchiectasis Workshop (EBROW 2023)**.

Previous editions of the World Bronchiectasis Conference series (Milan 2017, Virtual Edition 2020, Prague 2022) have seen attendances of more than 400 participants from all over the World, with each edition enjoying excellent participant engagement through the presentation of abstracts (90 per edition in average). The 1st and 2nd European Bronchiectasis Workshops - Vienna July 2019 and Virtually July 2021, saw over 200 specialists meet to face and discuss the most relevant arguments on the subject. The 3rd European Bronchiectasis Workshop will take place on February 23rd – 25th 2023 at Humanitas University in Pieve Emanuele in the Milan area.

As has been shared during previous editions of the European Workshop, the small but very committed European community of scientists and experts in the field confirms that bronchiectasis and its comorbidities continue to often be misdiagnosed and not appropriately treated.

Epidemiology is still incomplete and country dependent, whilst diagnostic tools and definition of the pathology has progressed a lot. Management is still far from being uniform and completely satisfactory while specific treatments are still not available, even though new therapies should become available in the coming years.

In this rapidly changing panorama it is crucial to gather the experts to discuss these and other important evolutions, continuously improving the knowledge and management of this long-term condition. This is especially true in the post – covid reality and within the complex and diverse healthcare systems across Europe.

Focus is also needed on new research and case studies to help the small but active community of specialists working in the field to share knowledge and continue the networking activities that have, in recent years, produced so many improvements in the knowledge and in the management of the disease ; always keeping our focus on patients' wellbeing and quality of life.

Joining forces, exchanging clinical experiences, sharing data and ideas, expanding the network of active experts and investigators in the field of NTM & Bronchiectasis are the main goals of the workshop.

We would therefore be delighted if you would consider attending and actively contribute to the **3rd European Bronchiectasis Workshop**.

Yours Sincerely,

The Organising Committee of the 3rd European Bronchiectasis Workshop

Stefano Aliberti

Francesco Blasi

James D. Chalmers

3rd European Bronchiectasis Workshop MILAN, Italy February 23rd – 25th, 2023

TOPICS

- AATD - Alpha-1 Antitrypsin Deficiency
- Aetiology
- Airways clearance
- **Bronchiectasis**
- Comorbidities
- Epidemiology
- Exacerbations
- Imaging
- Immunology
- Management
- Multidisciplinary
- NTM
- PBB – Protracted Bacterial Bronchitis
- Paediatrics
- PCD - Primary ciliary dyskinesia
- Quality of life
- Surgery
- Treatable Traits
- Treatments
- Virus interaction

SPECIALITIES

The Conference Programme has been designed to fulfil the latest educational needs of professionals operating in the following specialities:

- ♦ **Respiratory Medicine**
- ♦ **Infectious Diseases & Virology**
- ♦ **Internal Medicine**
- ♦ **Paediatrics**
- ♦ **Microbiology**
- ♦ **Radiology**
- ♦ **Physiotherapy**
- ♦ **Specialised Nurses**

A Special track – Crash Course on Bronchiectasis – is dedicated to European **General Practitioners**

*To be confirmed

3rd European Bronchiectasis Workshop MILAN, Italy February 23rd – 25th, 2023

PRELIMINARY PROGRAMME STRUCTURE

The preliminary programme of the 3rd European Bronchiectasis Workshop is under development at the moment of the presentation of this document.

It is formed of 3 “tracks” :

Main programme

This is the programme that will be developed in the Plenary Room in the 3 days of the event.

The main programme is offered to participants in hybrid format.

Simulation track

Taking advantage of the simulation facilities of Humanitas University, in parallel with the main programme it will be proposed to participants the possibility to experience a **hands-on real-life case multidisciplinary management simulation** in small groups.

The simulation track will be offered only for ON-SITE participants

Virtual Crash Course on Bronchiectasis for GPs

On Saturday 25th a 3-hour virtual course will be held for European GPs to learn how to manage patients with suspected or active bronchiectasis.

The course will be completed with a virtual simulation focusing on physiotherapy and airway clearance performed within the Humanitas University simulation Centre.

3rd European Bronchiectasis Workshop MILAN, Italy February 23rd – 25th, 2023

PROGRAMME AT A GLANCE

February 23rd, 2023	
Main Programme	Simulation Track
	14.00 - 15.30 Simulation Track Group 1
15.50 - 17.45 Opening Addresses and Lectures	16.00 - 17.30 Simulation Track Group 2
17.45 - 18.15 Sponsored Lecture 1	
18.15 - 18.45 Sponsored Lecture 2	
18.45 - 19.30 Welcome Cocktail	

February 24th, 2023	
Main Programme	Simulation Track
09.00 - 9.45 Keynote Lecture 1	09.00 - 10.30 Simulation Track Group 3
09.45 - 10.45 Session I	10.30 - 11.00 Coffee Break
10.45 - 11.15 Coffee Break	11.00 - 12.30 Simulation Track Group 4
11.15 - 12.15 Round Table	12.30 - 13.30 Lunch
12.15 - 12.45 Sponsored Lecture 3	13.30 - 15.00 Simulation Track Group 5
12.45 - 13.45 Lunch	
13.45 - 14.40 Session II	15.30 - 17.00 Simulation Track Group 6
14.40 - 15.10 The Bronchiectasis Battle - Round I	
15.10 - 16.00 Session III	
16.00 - 16.30 Coffee Break	17.30 - 19.00 Simulation Track Group 7
16.30 - 17.20 Session IV	
17.20 - 18.20 Sponsored Symposium	
18.20 - 18.50 Keynote Lecture 2

MAIN PROGRAMME

February 23rd, 2023

15.50 – 16.05 OPENING ADDRESS

Stefano Aliberti (Italy), Francesco Blasi (Italy), James D. Chalmers (UK)

16.05 – 16.15 WELCOME ADDRESS

Stefano Aliberti (Italy), Francesco Blasi (Italy), James D. Chalmers (UK)

16.05 – 16.15 Welcome Address

Tbd

16.15 – 17.45 OPENING LECTURES

Chair: Stefano Aliberti (Italy)

16.15 – 16.45 Immunity and inflammation as a metanarrative of Medicine

Alberto Mantovani (Italy)

16.45 – 17.00 Discussion

Chair: Tobias Welte (Germany)

17.00 – 17.30 How asthma became an inflammatory disease: a lesson for bronchiectasis?

Ian Pavord (UK)

17.30 – 17.45 Discussion

17.45 – 18.15 SPONSORED LECTURE 1 (see details page 15)

18.15 – 18.45 SPONSORED LECTURE 2

18.45 – 19.30 WELCOME COCKTAIL

February 24th, 2023

09.00 – 09.45

KEYNOTE LECTURE 1

Chair: Gernot Rohde (Germany)

09.00 – 09.30

Disease severity vs disease activity in bronchiectasis

Pierre-Regis Burgel (France)

09.30 – 09.45

Discussion

09.45 – 10.45

**SESSION 1 - JUNIOR PROFESSIONALS' OUTCOMES :
BRONCHIECTASIS MANAGEMENT IN THE EUROPEAN FRAMEWORK**

Chair: Andrea Gramegna (Milano)

Session composed of 4 10-minute lectures followed by 5-minute discussion. The lectures will be selected based on the latest publication on selected topics and from proposals (abstracts) submitted by participants and grouped per topic – see paragraph 1.2

10.45 – 11.15 COFFEE BREAK

11.15 – 12.15

**GP and Pulmonologists practices in managing bronchiectasis
across Europe**

Moderator: Stefano Aliberti (Italy)

Discussants:

Apostolous Bossios (Sweden)

Carles Llor (Spain)

Fiona Mosgrove (UK)

Eva Polverino (Spain)

12.15 – 12.45 SPONSORED LECTURE 3 (see details page 15)

12.45 – 13.45 LUNCH

February 24th, 2023

13.45 – 14.40 SESSION II: THE "TREATABLE TRAITS" APPROACH IN :

Chairs: Oriol Sibila (Spain) - Ahmad Kantar (Italy)

13.45 – 14.05 Treatable traits in children with Bronchiectasis

Andrew Bush (UK)

14.05 – 14.25 Treatable traits in adults: moving from concepts to evidences

Pieter Goemmine (Belgium)

14.25 – 14.40 Discussion

14.40 – 15.10 THE BRONCHIECTASIS BATTLE – ROUND I

Real life case discussion

Moderator: Stefano Aliberti (Italy)

Discussants: *Antony De Soyza (UK),
Oriol Sibila (Spain)*

Sum up: Stefano Aliberti (Italy)

Votation

Audience Verdict!

15.10 – 16.00 SESSION III: IMAGING IN BRONCHIECTASIS

Chairs: TBD

15.10– 15.30 Lung magnetic resonance imaging: from children to adult

tbd

15.30 – 15.50 Functional evaluation of bronchiectasis and NTM-PD through PET Scan

Arturo Chiti (Italy)

15.50 – 16.00 Discussion

16.00 – 16.30 COFFEE BREAK

February 24th, 2023

16.30 – 17.20 SESSION IV: VIRUSES IN BRONCHIECTASIS

Chair: Sivan Perl (Israel)

- | | |
|----------------------|---|
| 16.30 – 16.50 | Virus Mucus and inflammation: how viruses cause exacerbations
<i>Aran Singanayagam (UK)</i> |
| 16.50– 17.10 | Junior Professional Outcome on the topic – title tbd
<i>tbd</i> |
| 17.10 – 17.20 | Discussion |

17.20 – 18.20 SPONSORED SYMPOSIUM

18.20 – 18.50 KEYNOTE LECTURE 2

Chair: Arietta Spinou (Greece)

- | | |
|----------------------|---|
| 18.20 – 18.40 | Physical performance and quality of life
<i>Judy Bradley (UK)</i> |
| 18.40– 18.50 | Discussion |

February 25th, 2023

08.30 – 09.15 KEYNOTE LECTURE 3

Chair: Michal Shteinberg (Israel)

08.30 – 09.00 Homeostasis disruption in bronchiectasis?

Stuart Elborn (UK)

09.00 – 09.15 Discussion

09.15 – 10.00 SESSION V- JUNIOR PROFESSIONALS' OUTCOMES : Investigation on MANAGEMENT OF PCD

Chairs: Amelia Shoemark (UK) – Maria Elisa Di Cicco (Italy)

Session composed of 3 10-minute lectures followed by 5-minute discussion. The lectures will be selected based on the latest publication on selected topics and from proposals (abstracts) submitted by participants and grouped per topic – see paragraph

10.00 – 10.30 KEYNOTE LECTURE 4

Chair: TBD

10.00 – 10.20 Patients' reported outcomes on Bronchiectasis and NTM

TBD

10.20 – 10.30 Discussion

10.30 – 11.00 COFFEE BREAK

11.00– 11.50 SESSION VI –THE STORYTELLING OF BRONCHIECTASIS

Chairs: tbd - Stefano Aliberti (Italy)

11.00– 11.15 PBB in Children

Ahmad Kantar (Italy)

11.15 – 11.30 PBB in Adults

James D. Chalmers (UK)

11.30 – 11.50 Discussion

February 25th, 2023

11.50 – 12.20

THE BRONCHIECTASIS BATTLE - ROUND II

Real life case discussion

Moderator: James D. Chalmers (UK)

Chair: Katerina Dimakou (Greece)

12.20 – 12.40

Gender differences in bronchiectasis

Michal Shteinberg (Israel)

12.40 – 12.50

Discussion

12.50 – 14.00

LUNCH

February 25th, 2023

14.00 – 15.30

SESSION VII – BRONCHIECTASIS EXACERBATIONS & COMPLICATIONS

Chair: TBD

Session under definition

15.30– 16.00

KEYNOTE LECTURE 6

Chair: Arietta Spinou (UK)

15.30 – 15.50

Airway Clearance: an international statement

Tbd

15.50 – 16.00

Discussion

16.00 – 16.40 CLOSING LECTURE

Chair: Stuart Elborn (UK)

16.00 – 16.30

Future Directions in Bronchiectasis

Francesco Blasi (Italy)

16.30 – 16.40

Discussion

16.40– 17.00 CLOSING REMARKS

Stefano Aliberti (Italy), Francesco Blasi (Italy), James D. Chalmers (UK)

Sponsored Lectures

FEBRUARY 23RD, 2023

Supported by INSMED

The current session is not part of the CME accredited programme. Participants cannot claim credits for the session

17.45 – 18.15 SPONSORED LECTURE 1

Chair: Stefano Aliberti (Italy)

17.45 – 18.05 Importance of inflammation in Bronchiectasis as key component in the pathophysiology

James D. Chalmers (UK)

18.05 – 18.15 Discussion

FEBRUARY 24th, 2023

Supported by INSMED

The current session is not part of the CME accredited programme. Participants cannot claim credits for the session

12.15 – 12.45 SPONSORED LECTURE 3

Chair: Michal Shteinberg (Israel)

12.15 – 12.35 Everything you ever wanted to know about DPP1 but were afraid to ask

Brice Korkmaz (France)

12.35 – 12.45 Discussion

SIMULATION TRACK – HANDS-ON REAL-LIFE MULTIDISCIPLINARY EXPERIENCE

Taking advantage of the simulation facilities of Humanitas University, in parallel with the main programme, participants will have the possibility to experience a hands-on real-life multidisciplinary management simulation in small groups. The Session will last 90 minutes and will be repeated several times during the three days of the Workshop (see slots on the programme at a glance on page 6 and 7)

The clinical case will focus on the following aspects:

- Diagnosis Confirmation in a “second opinion patient”
- Exacerbations management

The simulation track will be offered only to ON-SITE participants

This track is open to a limited number of participants on a first-come, first-served basis, and registration online is compulsory (8 participants per slot, multiple slots are available)

Registration to the Workshop is compulsory to participate to the simulation track

3rd European Bronchiectasis Workshop MILAN, Italy February 23rd – 25th, 2023

CRASH COURSE ON BRONCHIECTASIS FOR GENERAL PRACTITIONERS

From 9.30 to 12.45 on Saturday this virtual intensive course exclusively for GPs is aimed at learning how to manage patients with suspected or active bronchiectasis. It will run in parallel to the main programme.

09.30 – 09.45

INTRODUCTION AND CRASH COURSE OBJECTIVES

Stefano Aliberti (Italy), Katerina Dimakou (Greece), Pieter Goeminne (Belgium), Fiona Mosgrove (UK)

09.45 – 11.30

DR. X, meet BRONCHIECTASIS

Chairs: Stefano Aliberti (Italy), Katerina Dimakou (Greece), Pieter Goeminne (Belgium), Fiona Mosgrove (UK)

09.45 – 10.00

Diagnosis of Bronchiectasis

Stefano Aliberti (Italy)

10.00 – 10.15

Etiological Work - up

Pieter Goeminne (Belgium)

10.15 – 10.30

Management & Treatments during stable state

Eva Polverino (Spain)

10.30 – 10.45

Management & Treatments during exacerbation

Katerina Dimakou (Greece)

10.45 – 11.00

Management of comorbidities

Andrea Gramegna (Italy)

11.00 – 11.15

Respiratory physiotherapy

Beatriz Herrero-Cortina (Spain)

11.15 -11.30

Discussion

11.15 – 11.30

INTERLUDE

11.30 – 12.30

REAL CASE SIMULATION

Real case simulation with real patients within Humanitas Simulation Center focusing on physiotherapy and airway clearance

Coordinator: Arietta Spinou (UK)

Organised by

AUDIENCE CONTRIBUTION: JUNIOR PROFESSIONALS OUTCOMES

For the 2023 edition, the Organising Committee has decided to give an extraordinary relevance and visibility to original scientific papers and on-going works presented by young researchers and clinicians.

The Scientific Committee, supported by a specific task force and the Organising Secretariat, will identify - thanks to an impartial selection process -, the most significative works published by Junior Professionals in the last 2 ½ years, focused on Bronchiectasis.

The authors will be invited to the Workshop as Faculty Members within the dedicated sessions as per the programme. The presenters will be required to structure an oral presentation of 10 minutes, followed by Q&A Time and suggestions from the Workshop Committees and audience.

A call for proposal will complete the picture, with the selection of as-yet unpublished works with a focus on bronchiectasis patient management in the European framework.

The main objective of this initiative is to give opportunities of interaction, visibility, exchange and dialogue to young specialists who can strongly contribute to the growth of the field, with new perspectives, results, data and improvements.

Furthermore, the Workshop will also be an occasion for “young networking development”: EBROW will continue to be an Agorà where young specialists can meet and get to know each other, establish new partnerships and paths of cooperation

The Junior Professionals call for proposals is now closed. Submitters will be notified from November 21st, 2022.

3rd European Bronchiectasis Workshop MILAN, Italy February 23rd – 25th, 2023

TIMELINES

July 2022	Scientific Committee definition. First draft of the programme
September 2022	Congress website online (also if not complete) Junior Professionals Outcomes selection process on published works start up Registrations opening Call for proposal opening for "Junior Professional Outcomes": collection of published article presented by junior professional and preliminary results in form of Abstracts Beginning of the promotion toward potential participants Endorsing campaign start up
October 2022	Sponsors positioning on Partnership proposals
November 1 st , 2022	Junior Professionals Outcomes call for proposal closing
November 18 th , 2022	Junior Professionals Outcomes selection process closing
From November 21 st	Invitation to Junior Professionals Outcomes presenters
Within November 25 th	Presentation of the accreditation dossier to UEMS / EAACME and EBAP Oral Communication presenters attendance confirmation deadline Publication of the Final Programme
December 16 th , 2022	AIFA Submission deadline for Italian based companies
